

CROSprime[®] is a premium polymeric primer designed for cementitious systems. It is suitable for a wide range of indoor and outdoor applications and can be used on multiple surfaces.

Features & Benefits:

Designed to be used in a wide range of applications
Excellent bond
Rapid Drying

Suitable for:

Indoor and outdoor applications
Residential and commercial applications
New construction
Refurbishment of old floors and walls

Surface Preparation

Surface must be structurally sound, clean and dry. Surface must be mechanically prepared and be free from dust, dirt, wax, grease, asphalt, latex compounds, adhesives, paint, curing and sealing compounds and other contaminants. Concrete must be free from efflorescence and not be subject to hydrostatic pressure. The surface must accept water penetration.

Application

Using a soft brush or broom apply crosbe **CROSprime**[®] evenly in all areas and allow primer to dry to touch (approximately 1 – 3 hours depending on the ambient temperature and relative humidity). A second coat of primer may be necessary on very porous surfaces where the initial coat has been completely absorbed. Apply the second coat after the first coat has completely dried.

Recommended mixing ratios for a primer (CROSprime[®]/Water)

Render	Porous and Strong surface (bricks, concrete blocks)	1:1
	Porous and weak surface (AAC, old concrete)	1:2
Flooring Compounds	Do not dilute	

Coverage

1 litre of **CROSprime**[®] will cover approximately 8 to 10 m².

Shelf Life

12 months when stored in the original unopened packaging.

Clean Up

Wash all tools in water immediately after use.

Precautions

- Contact Crosbe Technical Support for instructions on non-porous surface applications.
- Do not apply **CROSprime**[®] in temperatures below 5°C or above 35°C.

Safety Precautions

This product is considered non-hazardous and non-toxic. In case of eye contamination, rinse with clean water. Wear suitable gloves and eye protection. Keep out of the reach of children. Call the Poisons information Centre on 13 11 26 or call a doctor if you feel unwell.
