

Material Safety Data Sheet

Date of Issue: October 2010

Page 1 of 3

Not Classified Hazardous according to criteria of Worksafe Australia

1. Identification of the Material and Supplier

Product Name: PASCO GAP SEALANT

Company: Pasco Construction Solutions Pty Ltd **Address:** 13 – 15 Brighton St Richmond Vic 3121

Telephone: (03) 9429 9111 Facsimile: (03) 9429 6111 **Emergency Telephone:** (03) 9429 9111

2. Composition/Information on Ingredients

Product Description: Flexible gap sealant for interior use. White paste with a mild odour.

Composition: Styrene acrylic copolymer, filler, plasticizer mixture.

Ammonia, aqueous solution CAS no: 1336-21-6

3. Hazards Identification

Ingestion: Irritation of the mouth, throat and stomach

Eye: Contact with uncured product may cause mild irritation.

Skin: Prolonged or repeated skin contact may cause slight irritation

Inhalation: May cause mild respiratory irritation.

4. First Aid Measeures

First Aid

Ingestion: Immediately rinse mouth with water. Seek medical attention.

Skin: Wash hands with soap and water.

Inhalation: Remove to fresh air.

Eyes: In case of contact, immediately flush eyes with copious amounts of

water for at least 15 minutes and seek medical attention if irritation

persists.

First Aid Facilities: None required.

Comments: Treat according to person's condition and specifics of exposure.

Advice to Doctor: Treat symptomatically.

Material Safety Data Sheet

Date of Issue: October 2010 Page 2 of 3

5. Fire Fighting Measures

Specific Hazard: Non-Combustble material

Suitable Extinguishing Media: Non-flammable (Water based). Extinguish with water fog

(mist), CO₂, foam, dry powder. Breathing apparatus required

when fighting fires in confined areas.

6. Accidental release measures

- Floor may become slippery. Avoid contact with skin and eyes, wear suitable protective clothing, gloves and eye protection.
- Prevent contamination of waterways and drains. Immobolise using absorbent material and transfer to a suitable container for disposal. For disposal, consult responsible authority regarding statutory requirements.

7. Handling and storage

- Store in a cool place and avoid damage to containers. Do not allow to freeze.
- Wear protective clothing and avoid contact with skin and eyes.
- Keep containers sealed and clearly labelled.

8. Exposure controls / personal protection

Respiratory Protection:

In case of dust or mists, a respiratory protection program meeting AS/NZS-1716 and AS/NZS-1715 must be followed whenever workplace conditions warrant a respirators use. Use mist/dust filters. None required if airborne concentrations are maintained below the exposure limit.

Eye Protection:

Use chemical splash goggles (AS/NZS-1337) or approved equivalent. Eye protection must be compatible with respiratory protection system.

Hand Protection:

Impervious gloves; protective clothing as necessary to prevent skin contact.

Engineering Controls (Ventilation):

Use local exhaust ventilation sufficient to maintain exposure levels below exposure limit concentration.

9. Physical and chemical properties

Appearance: Putty
Colour: White
Odour: Mild acrylic
Boiling Point: ~147°C

Specific Gravity: Approx. 1.62 gr/cm3 (density of water = 1.00)

Flashpoint: Not applicable Solubility in water: Dispersible

Date of Issue: October 2010 Page 3 of 3

10. Stability and reactivity

Stability: Considered stable under normal condition of use.

11. Toxicological information

No data available for this product.

12. Ecological information

No data available for this product.

13. Disposal Considerations

- Collect and dispose of waste at an authorised disposal facility.
- Dispose of empty containers in accordance with federal, state and local laws.

14. Transport information

 Not classified as dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.

15. Regulatory information

S-phrases:

X Keep out of reach of children
 S24/25 Avoid contact with skin and eyes.
 Wear suitable gloves.
 Use only in well-ventilated areas.

16. Other information

¹National Occupational Health and Safety Commission – Aust.

²Australian Code for The transport of Dangerous Goods by Road and Rail (Sixth Edition)
