

EF-BLAST™

EFFLORESCENCE REMOVER

EF-BLAST™ is an inorganic acids based treatment for the removal of efflorescence (salts) from the surface of masonry substrates. **EF-BLAST™** can be used as a pre treatment to affected pavers prior to sealing with ATECH® paving sealers.

FEATURES AND BENEFITS

- Effective treatment of efflorescence.
- Fast acting.
- Easy to use.

AREAS OF USE

EF-BLAST™ is suitable for use on most paving and tiled surfaces.

SUITABLE SUBSTRATES

EF-BLAST™ suitable for use on the following surfaces:

- Tiles.
- Pavers.
- Concrete.
- Brick Walls.

APPLICATION TOOLS

- Brush /Sponge.

SURFACE PREPARATION

- Always test a small area of each surface to confirm suitability and desired results before starting overall application.
- Surfaces should be thoroughly cleaned and rinsed with clean water prior to application.

PRODUCT PREPARATION

EF-BLAST™ ready to use.

APPLICATION PROCESS

- Ensure surface to be treated is wet prior to application to prevent surface burning.
- **EF-BLAST™** should be applied to affected area and left to react.
- Once visible reaction (fizzing and bubbling) has ceased, treated surface should be thoroughly rinsed with clean fresh water.
- If a second treatment is required, follow above procedure.

PRODUCT DATA SHEET: CLEANERS AND SEALERS: EF-BLAST™

COVERAGE

6m² per litre.

CLEAN UP

Clean all equipment with water and detergent.

SIZES

EF-BLAST™ available in a 1L and 4L jerry can. 4L will treat approximately 24m²-40m².

PRECAUTIONS

Do not apply during periods of extreme weather conditions — temperature or humidity. Apply between 5°C and 35°C and under 85% humidity.

TRANSPORT AND STORAGE

- Size: 1L, 4L.
- Weight: 1kg, 4kg.
- Cool and Dry Storage.

SAFETY

- Ensure good ventilation and avoid breathing vapors.
- Avoid skin and eye contact. Wear gloves and eye protection. Remove splashes on skin immediately and remove contaminated clothing.
- Keep out of reach of children.
- Keep container sealed when noting use.
- Do not swallow.

FIRST AID

- If poisoning occurs, contact a doctor or poisons information centre: Ph. 13 11 26.
- If swallowed, do not induce vomiting. Give a glass of water to drink.
- If in eyes, hold eyes open and flood with water for at least 15 minutes.
- If not breathing, apply artificial respiration.

Field Support

Field support where provided, does not constitute supervisory responsibility. Suggestions made by **ATECH®** either verbally or in writing may be followed, modified or rejected by the owner, engineer or contractor since they and not **ATECH®** are responsible for carrying out procedures appropriate to a specific application.

Customer Responsibility

The technical information and application advice given in this publication is based on the best information available at time of print. As the information herein is of a general nature, no assumption can be made as to the products suitability for a particular use or application and no warranty as to its accuracy, reliability or completeness either expressed or implied is given other than those required by Commonwealth or State Legislation. The owner, his representative or the contractor is responsible for checking the suitability of products for their intended use.

Safety Precautions

These products may cause allergic reactions through skin contact, goggles, protective gloves and overalls must be worn. Ensure that there is adequate ventilation and avoid breathing the vapour.

Exclusion Clause

1. The information contained in this data sheet is based on many years experience and is correct to the best of our knowledge. **ATECH®** will be under no liability whatsoever whether in:
 - a) Contract or tort (including, without limitation, negligence)
 - b) Breach of statute
 - c) Any other legal or equitable obligation other than the quality of the product at the time of despatch.
2. Any queries about specification use or application should be directed to our technical service department immediately.
3. This exclusion clause does not operate to exclude any warranty that by law may not be excluded.
